**Regarding future "Subordination of Mortgage Requests"
during the grant retention period**

Please be advised that during the period that our funding sources have a mortgage on your property (usually 2-10 years), you may not be able to get a home equity loan or refinance your home to consolidate other debts without having to pay the grant money back. Should you want to refinance your home during this period, the new finance company would call or send Near Westside Neighborhood Association, Inc., a request to subordinate the grant mortgage. In most cases, you would not be able to get the new loan unless this happens. A member of Near Westside Neighborhood Association, Inc. will review this request; however, the final decision comes from each individual funding source. Below is a list of some of the general criteria used by the various funding sources when making their decision.

In addition, all requests for subordination of mortgages that originated from Near Westside Neighborhood Association, Inc.'s Home Improvement Program, must be accompanied by the settlement statement (HUD-1A) and Truth in Lending Disclosure.

Subordination **may** be granted if:

The owner is refinancing it to lower the interest rate of the current existing mortgage.

Additional work is going to be done on the unit as long as the funds are held in escrow by the bank and issued directly to the contractor for partial and final payments as work is completed.

If the appraised value of the house is greater than or equal to the sum of all existing or proposed mortgages preceding and including the grant mortgage.

Subordination **may not** be granted for any of the following reasons:

The refinance or new loan is being used to consolidate credit cards and other debts.

The refinance or new loan will be giving cash back to the borrower.

The appraised value of the house is less than the sum of existing or proposed mortgages

I the undersigned (Homeowner(s) understand that the terms of the grant for home repair include liens (mortgages) filed against my property for a period of 2-10 years depending on the funding source & grant amount. I understand further that this may affect my ability to refinance or secure a home equity loan on my property for that period of time
